

Values Hero!

Every half term, we will be awarding one of our fantastic pupils the 'Values Hero' Award!

The Values Hero is a shining example of the half term's Value.

If your child wows you in some way by being consistently responsible, or by going above and beyond, please nominate them by filling in the details below and returning this letter to the school office:

Name: _____

Class: _____

Reason for nomination: _____

Spring 2:

Responsibility

Responsibility

Our value for the Spring 2 half term is *responsibility*. This half term, Ryelands pupils are reflecting on their responsibilities at school, at home, and out and about in the World.

Our pupils understand that they all have responsibilities, which are really important to fulfil. We have been asking the question: *What if everybody did it?* What if everybody littered? What if everybody ignored somebody who was upset? What if everybody didn't clean up after themselves?

We believe it is important for our pupils to understand that responsibility is not just about completing tasks- it's about developing an attitude of taking action and being **proud** of doing it, because it was the right thing to do.

At Home

To take your child's school learning about responsibility home, why not try the following:

- Together, make a list of all of your child's responsibilities at home, celebrate what they do really well and make an action plan to help them with any responsibilities which they struggle with.
- Discuss any extra responsibilities which they can take on- maybe they want to help set the table or make their bed? Try to make it fun and do it with them the first few times.
- Why not involve your child in a family commitment to recycling? Show your child how to sort your household recycling so that they can help!
- Praise your child when they do fulfil their responsibilities, such as reading every night after school- they will feel encouraged knowing that their responsible attitude is being recognised.
- Practice makes perfect! The more your child practices completing their responsibilities (such as brushing their teeth), it will just become second nature to them, and they will automatically do
